Sir,

Sub:-- Industries--Sericulture--Government Silk filature, Kollegal--supply of fuel--increase in transport charges--sanction-requesting--
G.O.No.Ms. 3736 Development Department dated 18th Nov. 1943.

In connection, however with the supply of fuel for a ~~further~~ period of one year from 1/10/45, the Jaghirdar has explained that firewood has to be cut from coupes in the forest which are farther away from the road. The fuel has therefore to be transported over a longer distance than before. In the circumstances he is demanding Rs.2/- more per ton. The General Manager, Govt. Silk Filature, has stated that he has himself seen the ~~xxix~~ place and that the increase demanded may be agreed to. The Revenue Divisional Officer, Kollegal considers this rate reasonable and I recommend that the transport charges of fuel from the coupe in the forest to the site of the Govt., Silk Filature be raised to Rs. 11/- per ton.

The D.I.S.K. is requested to state urgently whether, in view of the subsequent proposals for the amalgamation of the two Silk Farms, the question of increasing the rate on transport charges need be examined now.

Sir,

Sub: Industries - Sericulture - Govt.Silk Filatures, Kollegal - Supply of fuel - Increase in transport charge.

Ref: Government Memo.No.70105-D/45-1, Development dated 31.1.1946.

In continuation of my letter No.1092-D.1/43 dated 26th March 1946, I have to report that the proposed amalgamation of the two filatures will not alter the position, as firewood will have to be obtained from Sivasamudram Jagir even after such amalgamation. I request therefore that Government may be pleased to approve the increased rate of Rs.11/- per ton for the transport of fuel from the coupe in the forest to the site of the Govt.Silk Filatures, Kollegal.
